Summary

I'm Parmeet Singh, A Freelance Web Designer and Web Developer.

With a strong foundation in HTML, CSS, JS, jQuery, Bootstrap, PHP, and CakePHP, I've had the privilege of crafting a diverse range of websites. my dedication lies in crafting websites with Bootstrap to ensure they are not only responsive but also user-friendly.

My journey in web development has seen me evolve from working with CorePhp to exploring the dynamic capabilities of CakePHP. I also have a solid understanding of Laravel, having delved into its intricacies for various projects.

Beyond code, I find joy in graphic design, often utilizing tools like Canva to create visually striking elements. Whether collaborating with a team or working independently, my projects reflect a commitment to excellence and a keen eye for detail.

Currently, my focus is on the exciting world of Nodejs, Expressjs, and MongoDB. Eager to dive into the MERN stack.

Experience

Web Designer

webvyaparindia

Feb 2023 - Present (1 year 1 month)
